Faculty of Education and Social Work
Key di

Three action points

- To continue to adapt to and respond to students' feedback
- Further development of SUMO with a particular emphasis on mapping graduate attributes
- To review reporting system of Unit of Study Evaluation

Question

- How does today's forum align with these action points?
- Integrated Learning Strategy: University of Sydney 2010
 - encompassing all aspects of the student learning experience
 - optimises the opportunities provided by eLearning to enhance student learning outcomes and the student experience

Outcomes

- We are challenged to consider on pedagogic grounds whether or not eLearning can enhance students' learning and teaching experiences
- We become more informed of what is currently happening in eLearning in our faculty and the university
- We become more informed about the supports which are available
